CHURCH OPPORTUNITY GUIDE

How Can You Partner with KCA?

WHO ARE WE?

At King's Christian Academy, we are committed to providing our students with the very best education in preparation for an ever-increasingly complex world in which they will live, work, play, and one day raise families. A strong academic foundation is, of course, one of the keys to success in life, but we believe that such is only one aspect of your child's life-training. The high standards of King's Christian Academy are always expanding through academic evaluations of curriculum, teaching techniques, and individual classes within our school's program. Also, students are offered educational and career-focused opportunities to become prepared for academic challenges at the college and university level, as well as for any future career choices they might make. The unique aptitudes and abilities of every student demands that we support each one so they may develop a positive self-image and the confidence to achieve.

Coupled with a solid academic program, KCA is focused on the development of the student as a whole person. This means that we are concerned about character development and spiritual growth as well. Our vision is to prepare our students to be men and women of integrity, honor, dignity, and trustworthiness. We believe that these essential characteristics flow out of our faith in and relationship to our Lord, Jesus Christ.
